

# Obtaining Grace Through Faith

When we wonder why the finished works of Jesus are not manifesting themselves in our life, we must understand the part our faith plays in laying hold of what grace has made available. We begin by accepting by faith that God has already given us everything we will ever need to live, through the shedding of Jesus' blood on the cross. Everything in the physical realm begins in the spiritual realm, so to experience physical blessings, we must first receive spiritual blessings.
